---

Kelley,

As per your request here is a copy of the directions on how to get onto the FTP.

For the Region 3 Reports

Analyses can be found in the following part of each lab batch (part# are part of the naming system on how the samples are loaded on the FTP):

Part 1:  
Glycol  
Metals

Part 2:  
Alcohols  
VOC  
SVOC

Part 3:  
Anions  
Oil & Grease  
Mercury  
Total Phosphorus  
Nitrite + Nitrate as Nitrogen  
Total Nitrogen  
Total Dissolved Solids  
Total Suspended Solids

The following HW# can be found in each of the following lab batches (these are how the files are loaded on the FTP):

HW #	Lab Batch
HW 23	1202004
HW 27	1202005
HW 07	1202005
HW 55	1202005
HW 61	1203001

Subject: Region 3 - FTP Site

Below is the information for accessing the Region 3 ftp site. I went ahead and copied everything from the shared drive to the ftp site in the folder labeled Dimock. If you have never accessed the ftp site, the easiest way to do it is to use an ftp interface program. I like filezilla which can be downloaded for free here:

Filezilla download<[http://download.cnet.com/FileZilla/3000-2160\\_4-10308966.html](http://download.cnet.com/FileZilla/3000-2160_4-10308966.html)>

Once you've downloaded the program, use the following information to connect to the ftp site. You should then be able to access the files. Feel free to give me a call if you have any questions.
